GPS Solutions

Fleet

Harnesses the power of GPS, vehicle diagnostics and driver rewards to create a fleet tracking system that not only does the job, but makes everybody's job easier to do. Safety, accountability and efficiency are gained at every turn. From the moment the first driver turns on the ignition until the last driver signs out, Azuga & Traceability Fleet is on the job. Every mile, every stop, every vehicle and driver alert—every action— is tracked, analyzed and reported to improve safety and efficiency.

Put safety first.
Take advantage of information—such as speeding, hard braking, cell phone distractions and service warnings—to keep both drivers and vehicles performing at their best.
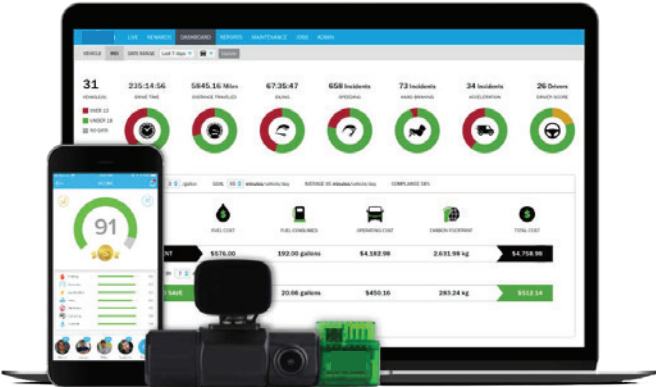

Keep tabs on your fleet.
Use the live map view to see where your fleet is at all times. Job, driver, speed, location and weather information is available instantly.

Reward driver excellence.
Great drivers are invaluable—reward and retain them. Azuga & Traceability Fleet Tracking features a rewards program that's easy to administer and drivers love.

Utilize Azuga & Traceability.
You'll manage a safer, less costly and more efficient fleet. Low up-front costs, coterminous contracts, no termination fees. For one price you get all the data and reports for visibility into your workforce and control. Savings, driver safety scores and rewards, vehicle maintenance and much more are included.
